Subject: Decision of the University of Szeged, Medical School, Albert Szent-Györgyi Medical and Pharmaceutical Sciences Center, First Department of Internal Medicine, on the application for the authorization of a non-interventional study

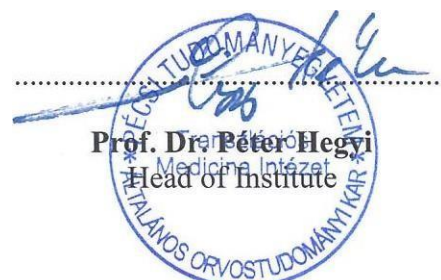

DECREE

The non-intrusive clinical research project titled as “**Pain IN Early phase of Pediatric Pancreatitis (PINEAPPLE)**” has been submitted for ethical review to the Scientific and Research Ethics Committee of the Medical Research Council by Principal Investigator Prof Dr Péter Hegyi.

I am pleased to inform you that the Scientific and Research Ethics Committee of the Medical Research Council **has granted ethical approval** of this research project.

4 December 2014, Budapest

This document is the official translation of the Hungarian ethical approval given by the Medical Research Council Scientific and Research Ethics Committee, translated by the University of Pécs, Institute for Translational Medicine.

Prof. Dr. Péter Hegyi
Medicine Intézet
Head of Institute
