

7th Translational Medicine Conference

FOCUS ON

Translational Medicine: the New Model for Healthcare
Recent Advances in Pancreatic Basic Research
Results of Data Analyses from Multicenter Registries
Clinical Sciences
New Registries in Gastroenterology
Meta-analyses and Systematic Reviews
Running and Forthcoming Clinical Trials

INVITED LECTURERS

Jason Bruce, Manchester, UK
Julia Mayerle, Munich, Germany
Xavier Molero, Barcelona, Spain
Miklós Sahin-Tóth, Boston, USA

ORGANIZERS

Péter Hegyi (Strategic Director of the Centre for Translational Medicine)
Andrea Szentesi (Operative Director of the Centre for Translational Medicine)
Krisztina Heid (Data Management Group Leader)
Dalma Dobszai (Patients Club and PR Group Leader)

24-25 November 2018
Budapest, Hungary

SATURDAY 24 November

- 08:20 – 08:30** | **Opening of the 7th Translational Medicine Conference**
Péter Hegyi (Pécs, Szeged, HUNGARY)
- 08:30 – 09:30** | **Translational Medicine**
Chairs: Ferenc Izbéki (PTE-FMSZGYK), Andrea Párniczky (PTE-HOGYI)
- 08:30 – 09:00 | Translational Medicine: the New Model for Healthcare
Péter Hegyi (Pécs, Szeged, HUNGARY)
- 09:00 – 09:15 | Future of Translational Medicine: Attracting Young Talents for the Program
Bálint Erőss, (Pécs, Hungary)
- 09:30 – 10:00 | Interdisciplinary Research Group Supporting Research
Andrea Szentesi (Pécs, Szeged, HUNGARY)
- 09:30 – 11:00 | **Recent Advances in Pancreatic Basic Research I.**
Chairs: Balázs Németh, Viktória Venglovecz
- 09:30 – 10:00 | How to target the inflammatory response in acute pancreatitis?
Julia Mayerle (Munich, GERMANY)
- 10:00 – 10:30 | Genetically engineered mice to model human pancreatitis
Miklós Sahin-Tóth (Boston, USA)
- 10:30 – 11:00 | The diabetes-pancreatitis link: the protective effects of insulin on pancreatic acinar cells
Jason Bruce (Manchester, UK)

COFFEE BREAK

- 11:00 – 11:20** | **Recent Advances in Pancreatic Basic Research II.**
Chairs: Gábor Varga, András Garami
- 11:20 – 11:32 | Novel technologies in basic and translational pancreatic research
József Maléth (Szeged, HUNGARY)
- 11:32 – 11:44 | Filling the gaps: new genetic association studies in chronic pancreatitis.
Eszter Hegyi (Pécs, HUNGARY)
- 11:44 – 11:56 | The common truncation variant p.W358X in PNLIPRP2 gene does not alter risk for chronic pancreatitis
Balázs Németh (Szeged, HUNGARY)

- 11:56 – 12:08 | Characterization of mucins in pancreatic cancer
Viktória Venglovecz (Szeged, HUNGARY)
- 12:08 – 12:20 | Investigation of the pathomechanism of smoke-induced pancreatic damage
Petra Pallagi (Szeged, HUNGARY)
- 12:20 – 12:32 | Pharmacologic and genetic inhibition of Cyclophilin D reduce the severity of acute pancreatitis
Emese Tóth (Szeged, HUNGARY)

LUNCH**13:40 – 14:52 Results of Data Analyses from Multicenter Registries I.**Chairs: **Ákos Pap, Áron Vincze**

- 13:40 – 13:52 | Antibiotic therapy during the management of acute pancreatitis
Andrea Párniczky (Budapest, Pécs, HUNGARY)
- 13:52 – 14:04 | Metabolic Syndrome Elements and the outcome of Acute Pancreatitis
Andrea Szentesi (Pécs, Szeged, HUNGARY)
- 14:04 – 14:16 | Aging or comorbidity: which one is the bad guy?
Zsolt Szakács (Pécs, HUNGARY)
- 14:16 – 14:28 | Altered level of consciousness deteriorates the severity of acute pancreatitis
Alexandra Mikó (Pécs, HUNGARY)
- 14:28 – 14:40 | Predictive biomarkers of pancreatic necrosis in acute pancreatitis
Szabolcs Kiss (Szeged, Hungary)
- 14:40 – 14:52 | Early Chronic Pancreatitis
Péter Hegyi Jr (Pécs, Hungary)

COFFEE BREAK**15:20 – 15:30 Introduction of Sponsors**

- 15:20 – 15:30 | Introduction of the Sponsors, Berlin Chemie
Péter Hegyi (Pécs, Szeged, HUNGARY)

15:30 – 16:00 Clinical Sciences

- 15:30 – 16:00 | Fluid replacement therapy in acute pancreatitis
Xavier Molero (Barcelona, SPAIN)

16:00 – 17:00 Results of Data Analyses from Multicenter Registries II.Chairs: **László Czakó, Ákos Szücs**

- 16:00 – 16:12 | Predictive nature and clinical characteristics of pain on admission in acute pancreatitis
Mária Földi (Szeged, HUNGARY)
- 16:12 – 16:24 | Pseudocysts in acute pancreatitis
Benedek Tinusz (Pécs, HUNGARY)
- 16:24 – 16:36 | Smoking and Alcohol in acute pancreatitis
Andrea Szentesi (Pécs, Szeged, HUNGARY)
- 16:36 – 16:48 | ERCP Registry Quality Analysis
Dániel Pécsi (Pécs, HUNGARY)
- 16:48 – 17:00 | Understanding CRP and WBC in pancreatitis
Bálint Erőss (Pécs, HUNGARY)

17:00 – 19:00 Sports and Wellness**19:00 – 20:30 DINNER**

SUNDAY 25 November

08:30 – 10:00 NEW Registries in Gastroenterology

Chairs- Zsuzsanna Vitális, László Gajdán

- 08:30 – 08:50 Planning and Developing Registries
Dalma Erdősi (Pécs, HUNGARY)
- 08:50 – 09:00 Decompensated Liver Cirrhosis Registry
Boglárka Balogh (Debrecen, HUNGARY)
- 09:00 – 09:10 NASH and Wilson Disease Registry
Gabriella Pár (Pécs, HUNGARY)
- 09:10 – 09:20 Celiac Disease Registry
Judit Bajor (Pécs, HUNGARY)
- 09:20 – 09:30 IBD Registry
Patrícia Sarlós (Pécs, HUNGARY)
- 09:30 – 09:40 IBS Registry
József Czimmer (Pécs, HUNGARY)
- 09:40 – 09:50 Esophageal Cancer Registry
Bálint Erőss (Pécs, HUNGARY)
- 09:50 – 10:00 Cystic Fibrosis Related Diabetes: How to protect children
Andrea Párniczky (Budapest, Pécs, HUNGARY)

COFFEE BREAK

10:20 – 11:20 Focus on Meta-analyses and Systematic Reviews

Chairs- Bálint Erőss, Noémi Gede

- 10:20 – 10:40 Meta-analysis Coordination
Zsolt Szakács (Pécs, Hungary)
- 10:40 – 10:50 Aging and Comorbidities in Acute Pancreatitis – a meta-analysis
Katalin Márta (Pécs, HUNGARY)
- 10:50 – 11:00 Body-mass index correlates with severity and mortality in acute pancreatitis: a meta-analysis
Dalma Dobszai (Pécs, HUNGARY)
- 11:00 – 11:10 Drug-induced acute pancreatitis – a systematic review
Lilla Hanák (Pécs, HUNGARY)

- 11:10 – 11:20 Pseudocysts in acute pancreatitis – a meta-analysis

Lajos Szakó (Pécs, HUNGARY)

- 11:20 – 11:30 Lactated Ringer in combination with indomethacin in prevention of post-ERCP pancreatitis, a network meta-analysis

Katalin Márta (Pécs, HUNGARY)

11:30 – 12:50 Running and Forthcoming Clinical Trials

Chairs- Judit Bajor, Xavier Molero

- 11:30 – 11:50 How to develop a Clinical Trial
Katalin Márta (Pécs, HUNGARY)
- 11:50 – 12:00 EASY observational clinical trial
Balázs Kui (Szeged, HUNGARY)
- 12:00 – 12:10 PINEAPPLE and APPLE observational clinical trials
Andrea Párniczky (Budapest, Pécs, HUNGARY)
- 12:10 – 12:20 GOULASH Randomized Controlled Trial
Katalin Márta (Pécs, HUNGARY)
- 12:20 – 12:30 GOULASH PLUS study
Alexandra Mikó (Pécs HUNGARY)
- 12:30 – 12:40 LIFESPAN Study
Dalma Erdősi (Pécs, HUNGARY)
- 12:40 – 12:50 PREPAST Study
Zsolt Dubravcsik (Kecskemét, HUNGARY)
- 12:50 – 13:00 Closing remarks and future perspectives
Péter Hegyi (Pécs, Szeged, HUNGARY)

LUNCH

14:00 – 15:00 Round table discussion with the international guests

By invitation only

Sponsors:

BERLIN-CHEMIE
MENARINI

RICHTER GEDEON
