****Rewatch the 2024/25 Semester Opening Ceremony of the Centre for Translational Medicine****

Dear All,

We are excited to announce that the Semester Opening Ceremony of the Centre for Translational Medicine at Semmelweis University, marking the beginning of the 2024/25 academic year, is now available for rewatching. Whether you want to revisit the inspiring speeches, insightful presentations, or share the experience with colleagues who missed it, you can access the full event recording at your convenience.

Supervisor's Masterclass - Now Open for Enrollment!

We are thrilled to announce that enrollment is now open for the Supervisor's Masterclass of the Translational Education Programs at the Centre for Translational Medicine, Semmelweis University. This comprehensive course is designed to equip you with the essential skills for supervisory success, particularly in academic and research settings.

The program includes 13 topics, 184 engaging video lectures, and 8 interactive workshop days, covering key areas such as time management, communication, leadership, article writing, and grant writing. Whether you're aiming to enhance your leadership capabilities or gain practical skills in research management, this masterclass is your opportunity to excel.

Key Details:

- **Duration:** October 2024 - June 2025
- **Application Deadline:** October 1st, 2024
- **Eligibility:** Graduate degree holders (MSc, MD, PhD)

Don't miss your chance to advance your career—apply now! For more information and to register, visit <https://tm-centre.org/en/education/supervisors-masterclass> or contact us at tmk@semmelweis.hu.

In the last week of August, more than eighty Ph.D students delivered presentations at the 12-month Progress Report of the Centre for Translational Medicine, and two Ph.D students took the Complex Exam. Distinguished

Hungarian and international experts participated at the event as committee members. Click on the photo to read the full article about it!
