J Clin Med, **Q1**, IF: 3.000

## **Library Week Webinars: May 12–16, 2025**

We would like to draw your attention to the upcoming **Library Week** organized by the Central Library of Semmelweis University, taking place between **May 12–16, 2025**.

During this event, a series of **free online webinars** will be held to support the effective use of academic databases subscribed to by Semmelweis University. Each session will last approximately 60–75 minutes and will primarily be conducted in English by trainers from the database providers themselves.

These webinars are a great opportunity to directly ask your questions and gain practical insights into the platforms.

 **Details about the featured databases and the full schedule** can be found here:

[Library Week Program Details](#)

 **Registration is required** to attend the sessions. Secure your spot here:
