Dear Dr. Bajor,

The observational, multicenter prospective research project named “ Monitoring of prevalence, symptoms, complications, family inheritance of celiac disease and the effect of gluten free diet on it (Celiac disease registry)” has been submitted for ethical review. This project was considered by the Scientific and Research Ethics Committee of the Medical Research Council at its meeting held on 30 August 2016.

I am pleased to inform you that the Scientific and Research Ethics Committee of the Medical research Council has granted ethical approval of this research project.

Yours faithfully,

Prof. Dr. Zsuzsa Schaff
Member of the Hungarian Academy of Sciences
Chair of Scientific and Research Ethics Committee,
Medical research Council
