**NOTIFICATION
For Principal Investigator Dr Gabriella Pár**

The multicentric, prospective, observational clinical research project titled as "**Research of the Epidemiology, Course of Disease and the Factors Influencing Progression of Non-Alcoholic Fatty Liver (NAFLD) and Non-Alcoholic Steatohepatitis (NASH) – Registry or Non-Alcoholic Fatty Liver and Non-Alcoholic Steatohepatitis**" has been submitted for ethical review. This project was considered by the Scientific and Research Ethics Committee of the Medical Research Council.

I am pleased to inform you that the Scientific and Research Ethics Committee of the Medical Research Council has granted ethical approval of this research project.

This document is the official translation of the Hungarian ethical approval given by the Secretary of Medical Research Council Scientific and Research Ethics Committee, translated by the University of Pécs, Institute for Translational Medicine.

Prof. Dr. Péter Hegyi
Head of Institute
