Subject: Decision of the University of Pécs, Clinical Centre, First Department of Medicine (13 Ifjúság Street, Pécs, 7624), on the application for the authorization of a non-interventional study

DECREE

The non-intrusive clinical research project titled as “**Patient Reported Outcomes in acute pancreatitis-an international prospective cohort study**” has been submitted for ethical review to the Scientific and Research Ethics Committee of the Medical Research Council by Prof Dr Péter Hegyi.

I am pleased to inform you that the Scientific and Research Ethics Committee of the Medical Research Council **has granted ethical approval** of this research project on its meeting (held on 24 October, 2017).

30 October 2017, Budapest

This document is the official translation of the Hungarian ethical approval given by the Medical Research Council Scientific and Research Ethics Committee, translated by the University of Pécs, Institute for Translational Medicine.
